

SANJAY E

Java Full Stack Developer

Villupuram, Tamil Nadu | 6380080642 | sanjayelango777@gmail.com | linkedin.com/in/sanjay-elango

PROFILE SUMMARY

Computer Science and Engineering graduate with hands-on experience in Java, Spring Boot, Spring Security, REST APIs, MySQL, HTML, CSS, JavaScript, and React.js. Built full-stack applications with secure authentication and authorization, database integration, CRUD operations, and RESTful API workflows. Strong foundation in Object-Oriented Programming, Java Collections, Exception Handling, and the Software Development Life Cycle (SDLC). Seeking an entry-level Java Full Stack Developer role to apply technical skills and contribute to product-based organizations.

TECHNICAL SKILLS

Programming Language: Java

Frontend: HTML5, CSS3, JavaScript, React.js

Backend: Java, Spring Boot, REST APIs, Spring Security

Database: MySQL (CRUD, Joins)

Core Concepts: OOPS, Collections, Exception Handling, SDLC

Tools: Git, GitHub, VS Code

PROJECTS

Cab Booking System

Java, Spring Boot, Spring Security, REST APIs, MySQL, HTML5, CSS3, JavaScript

- Developed a full-stack cab booking web application with database integration and RESTful workflows.
- Built RESTful APIs for managing cab operations, user activity, and booking workflows.
- Implemented Spring Security for authentication and authorization to secure application endpoints.
- Implemented CRUD operations and integrated frontend components with backend REST APIs.
- Connected the application to MySQL for persistent data storage and retrieval.

Fake Job Post Detection Using Machine Learning (Academic Project)

Python, Flask, Scikit-learn, HTML, CSS, JavaScript

- Built a machine learning application to identify potentially fraudulent job postings using data preprocessing and feature engineering.
- Developed a web interface for job-post prediction using Python, Flask, HTML, CSS, and JavaScript.
- Applied machine learning techniques to improve model classification performance.

INTERNSHIPS

Java Spring Boot Intern — FemtoSoft Technologies

Jul – Aug 2025

- Worked on backend development using Java and Spring Boot; assisted in REST API development and backend logic implementation.

Cyber Security Intern — NLC India Limited

May 2025

- Conducted vulnerability analysis and identified potential security risks; assisted in analyzing security-related issues.

IoT Intern — VEI Technology Pvt. Ltd.

Oct 2023

- Validated system workflows and ensured data accuracy in IoT-based systems.

EDUCATION

B.Tech, Computer Science & Engineering — Christ College of Engineering and Technology, Puducherry (2022 – 2026)

CGPA: 8.22

Higher Secondary Education — New Modern Vidhya Mandir Higher Secondary School, Puducherry (2020 – 2022)

CERTIFICATIONS

- Full Stack Development with Java — Besant Technologies (2026)
- Java Spring Boot Internship Certificate — FemtoSoft Technologies
- Full Stack Development with AI (MERN Stack) — Internshala Trainings (2026)

LANGUAGES

English (Fluent) | Hindi (Basic)
