PROFILE SUMMARY

Motivated Computer Science and Engineering student graduating in 2026 with strong skills in Java, Full Stack Development, and Web Technologies. Experienced in developing responsive web applications using the MERN Stack (MongoDB, Express.js, React.js, Node.js). Familiar with REST APIs, database management, Passionate about creating scalable applications and continuously learning modern technologies.

TECHNICAL SKILLS

- Programming:** Java
- Frontend:** HTML5, CSS3
- Backend:** Java, REST APIs
- Database:** MySQL (CRUD, Joins)
- Core Concepts:** OOPS, Collections, Exception Handling, SDLC
- Tools:** Git, GitHub, VS Code

EDUCATION

B.Tech – Computer Science & Engineering
Christ College of Engineering and Technology, Puducherry
CGPA: 8.2

2022 - 2026

HIGHER SECONDARY EDUCATION

New Modern Vidhya Mandir Higher Secondary School ,Puducherry.

2020 - 2022

ACADEMIC PROJECT

Fake Job Post Detection using Machine Learning

- Built a machine learning model to detect fraudulent job postings using data preprocessing and feature engineering
- Developed a web interface for prediction using Python, HTML, CSS, Java Script
- Improved classification accuracy using optimized ML techniques
- Tech Stack: Python, Flask, JavaScript Scikit-learn, Vs Code.

PROJECT

YouTube Clone Web Application

- Developed a fully responsive YouTube-inspired video streaming platform using React.js and modern frontend technologies.
- Implemented video search, category filtering, and dynamic content rendering using REST APIs.
- Designed reusable React components and optimized application performance.
- Created a responsive UI compatible with desktop, tablet, and mobile devices.
- Integrated API-based video data retrieval and state management.
- Tech Stack: React.js, JavaScript, HTML, CSS, REST APIs, Git, GitHub

INTERNSHIPS

- Cyber Security Intern** – NLC India Limited (May 2025)
Conducted vulnerability analysis and identified security risks
- Java Spring Boot Intern** – FemtoSoft Technologies (Jul-Aug 2025) Worked on API development, backend logic, and testing
- IoT Intern** – VEI Technology Pvt Ltd (Oct 2023)
Validated workflows and ensured data accuracy in IoT systems

CERTIFICATIONS

- Full Stack Development with AI (MERN Stack)** – Internshala Trainings (2026)
- Cyber Security Internship Certificate** – NLC India Limited
- Java Spring Boot Internship Certificate** – FemtoSoft Technologies

LANGUAGES

- ENGLISH** (Fluent)
- Hindi** (Basic)
